Security Analyst m/f/d

Job Description:

We have an exciting opportunity for excellent candidates to join our growing team in our Security Operations Center (SOC) located in Pahrump, NV. Our SOC Analysts will work as part of our team conducting real time threat analysis of our clients' properties utilizing the latest technologies.

Our SOC Analysts will assess threats to property or persons. In an emergency, you must have the ability to calmly contact emergency services and relay all pertinent information to the emergency services (EMT, Fire, Police). You must be able to demonstrate the highest level of integrity and maintain confidential information.

Important:

Our SOC is focused on physical security — protecting people and property through advanced video surveillance and threat detection. This is not a cybersecurity/IT position!

As a condition of employment, employee must:

- Have excellent written & verbal English language
- Computer competency as a user of modern MS Windows systems
- Successfully complete a background investigation and drug screening in accordance with Federal, State, and Local laws

As a Security Operations Center (SOC) Operator you will:

- Assess and analyze threats to property or persons and emergencies quickly, with the ability to calmly contact and relay pertinent information to emergency services (EMT, Fire, Police)
- Appropriately, following all Company guidelines and requirements including documentation for all events or possible threats.
- Demonstrate the highest level of integrity to maintain confidential information.
- Be available to work a schedule that will include days, evenings, overnight, weekends, and Holidays. We operate 24 hours a day, every day of the year (24-7-365).

Application:

If you have the skills and would like to become part of our growing team, please send your resume in PDF format to hr@isn.us.com.
